# Choose a Concrete Roof Tile That Pays for Itself.

## Unmatched Beauty and Curb Appeal

A beautiful home starts with a beautiful roof, and Boral Roofing has a myriad of products in colors and styles to complement your architectural style and enhance your home. This sample is just one of our many tile offerings.

## Performance

If you live in a region prone to severe weather, a tile roof may actually help reduce your insurance premiums. Check with your insurance provider to see if you qualify for insurance discounts.

## Durable and Longest Lifecycle

A tile roof is your best option when you consider it will outlast and outperform almost any other type of roofing material.

## Fully Transferable, Limited Lifetime Product Warranty

Your investment in a new tile roof is protected with our exclusive Limited Lifetime Fully Transferable, Non-Prorated Concrete Product Warranty. See our website [www.BoralRoof.com](http://www.BoralRoof.com) for details.

## Cool Roof - A Tile Roof Can Reduce Your Energy Costs

Concrete tiles have inherent insulation properties with a high thermal mass, which helps reduce peak energy demand and energy costs – making your home more comfortable to live in. See our website and use our Energy Calculator to see what savings you can receive.

## Resale Value

Differentiate your home with a roof that adds curb appeal, reduces maintenance, improves energy efficiency and helps protect your home from the elements.

## Sustainable Roofing Solutions – Not a Petroleum-Based Product

Concrete tiles are made from naturally occurring, locally-sourced, plentiful raw materials and are produced with an environmentally friendly manufacturing process. Concrete tiles are 100% recyclable and can substantially reduce energy consumption.

Tile is 100% Recyclable
